1. Central Park

1. **Playground** - We reviewed the most up to date version of the design. The plan is to now bring it to the City Council for review and discuss the official budget.
2. **Dugout Shelters** - Tim is waiting for a quote on the price of the Hardboard design.

2. Other Updates

1. **Main Street Updates** - The City Council is working on a design. There is nothing for us to review at this time.
2. **Ticket Booth/Storage Building** - We discussed the need for a ticket booth/storage building in place of the smaller sheet of ice. Tim will look into sizing needs before we discuss approval. We also talked about the need for a lawn mower on this side of town to avoid crossing I94 with the mower.
3. **Joey Bongarts Bench** - The Joey Bongarts Fund approved the purchase of a bench for Four Seasons Park. Once purchased, Tim will get it installed. They are hoping to place it by the tennis court.

3. **Open Seat on Committee** - No letters of interest for us to review at this time.
